Jewellex Africa 2014 is expanding on their marketing opportunity exclusive to exhibitors. We have created an electronic directory page on the Jewellex Africa website for easy access from the buyer, specifically aimed at the local and international companies that will not be able to attend the fair. You will be able **to increase the visibility of your company** by adding a logo, a short description of the key services and products your company offers, as well as three images of signature products on the website.

**Please view the example by following this link:**
